Exceptional Student Education with a Minor in Autism Spectrum Disorder

Overview

Program Benefits of Albizu University

The Bachelor of Arts in Exceptional Student Education with a Minor in Autism Spectrum Disorder offers a comprehensive knowledge base, integrating current trends and state-of-the-art technology within field experiences.

The 132-credit curriculum gradually immerses students in the field of exceptional student education (ESE), emphasizing the specialized Minor in Autism Spectrum Disorder (ASD). It combines theoretical and practical content, highlighting cultural and individual differences, research, and hands-on training. The program emphasizes professional demeanor, ethical standards, and addresses the growing need for ESE and ASD professionals.

The ASD minor addresses a critical national need, aligning with Albizu University's goals. It enhances the B.A. in ESE by providing a solid foundation in ASD, including behavioral assessments, diagnostics, and instructional techniques. The minor integrates evidence-based treatments with field experiences, enhancing socio-emotional interactions and communication skills.
