

# Students are at the Heart of Albizu University

*Turn Your Passion Into Your Profession*

**1 Designed to help non-native English speakers**

Improve their language skills and acquire English proficiency to excel in the business or healthcare industries.

**2 The ESOL Program**

Allows our students to advance their application process into other Albizu degree programs without the requirement of completing the TOEFL exam.

*\* Must comply with admissions requirements.*

**3 Adult learner focused**

We provide one-on-one attention to our students, including mentoring, and offer the Rosetta Stone Program for students who need this assistance.

**4 Professional experience and accessible faculty**

Albizu professors excel in both their academic and professional roles and bring their working expertise to the classroom.

**5 Small class size**

Our teachers know their students by name, understand their needs, and motivate them to participate in classroom discussions.

**6 Flexible schedules**

We provide students with the flexibility and convenience they need to meet life's demands by offering on campus, blended and online classes, if necessary and medically documented

*\* Method of delivery varies by program.*

**English for Speakers of  
Other Languages (ESOL)**

# English for Speakers of Other Languages (ESOL)

## Program Highlights

- This ESOL certificate is a program that teaches English for speakers of other languages and allows students not only to acquire English language proficiency, but also learn about the culture of the United States. The program also helps students improve their pronunciation and develop effective academic and business writing skills.
- Our ESOL certification classes are small (maximum 15 students).
- Many ESOL course alumni continue their studies in one of Albizu's academic fields, such as the bachelor's, master's, and doctoral programs in psychology, education, and human services.

## Overview

The ESOL Program at Albizu University, offers twenty-seven English courses to speakers of other languages giving them the possibility to enroll as international students. These courses are organized into nine levels. The contents in Levels, I to VI are on General English for the students to be able to communicate fluently in real-life situations.

### Track A: Oriented to Health Professionals

The last nine courses, Levels VII to IX, track A, are oriented to more specific purposes, including Medicine and Health for Health Professionals who need the English language and the medical terminology in English to pass their exams and be certified to practice their profession in the United States.

### Track B: Oriented to the Arts

The last nine courses, Levels VII to IX, track B, are oriented to the field of Arts. In these courses, the ESOL students take Introduction to American Media, Cinema and Literature.

### Track C: Oriented to Business

The last nine courses, Levels VII to IX, track C, are oriented to the field of Business. In these courses, the ESOL students' academia includes: business management, production, marketing, finance, and economics.

## Career Opportunities for ESOL students

Graduates of the ESOL certificate program effectively communicate in English, facilitating their integration into the English-speaking professional and academic communities.

In addition, this program provides students with:

- ✓ Opportunities for advancement at work, business and healthcare settings
- ✓ Better communication with others in the English speaking community
- ✓ Improved communication skills with family, friends and business associates
- ✓ Ability to understand and participate in diverse community events held in English
